

STREET GRACE™

Luka Bagdavadze
Full Stack Developer

Luka is a Full Stack Developer from Georgia, Europe and is a part of Transaction Intercept with Street Grace. He spends his days working on the technology platform with Street Grace and studying business at Caucas University. When he is not working, you can find Luka playing his guitar or going on a run to stay healthy. A fun fact about Luka is that he used to play soccer professionally as a central defender.

Luka discovered it was a joy being on the field and giving his all for his team while learning there is more than just work and sports. Luka is on a mission to make a difference, especially in the fight against human trafficking. He uses his tech and business skills to contribute to what he considers an important cause. Luka also likes to bring positivity to all he does and loves making the world a better place.

About Street Grace:

Street Grace is a faith-based organization that utilizes evidence-based demand reduction strategies to eradicate the commercial sexual exploitation of children (CSEC) through **prevention, protection, policy, and pursuit.**

CSEC is sexual activity with a child in exchange for something of value given to the child or a third person.
