AT A GLANCE

Joined forces with **Georgia Cares** under the Street Grace banner to secure our position as a leading organization with the most knowledgeable team of experts at the helm of our advocacy efforts to eradicate CSEC.

Invited to the White House **3** different times to speak about our demand reduction work.

Utilized this time to enhance our financial credibility, accountability, and transparency by acquiring and maintaining GuideStar, Evangelical Council for Financial Accountability, and Excellence in Giving seals of transparency.

Launched the **Street Grace Justice Project** spearheaded by former US Ambassador-at-Large for Trafficking in Persons Susan Coppedge and former Attorney General Sam Olens, that trains and connects attorneys with survivors who need help vacating or restricting their records.

Garnered over **153K** followers and **3M** likes on our TikTok associated with the Help Locker Campaign prior to the official launch with the last video, alone, receiving over **8M** views.

Hosted our largest and most successful Demand an End 5k ever, with participants in over **30** states.

Completed and published the IRB certified **Illicit Massage Industry** research report that is already beginning to affect legislation being proposed in the coming legislative session.

Delivered our Virtual Education Series to over **65K** viewers since the Stay at Home order in spring.

Translated educational materials to **Spanish**.

Gracie, our self-learning artificial intelligence chatbot, has had over **275K** text exchanges, each conversation representing one NOT had with a real child. We've heard you, and our new Law Enforcement Platform will now allow data collected by artificial intelligence to aid in the arrest and prosecution of perpetrators.

“ Street Grace taught us how to step out in leadership and use our voice to shine light on darkness.
